
2018 Photo Contest

Lake County Board of Developmental Disabilities/Deepwood

Showcase a favorite or meaningful photograph that encapsulates our 2018 CommUNITY theme. This year's theme encompasses all things that help tell the story of who we are, where we live and how we inspire and promote inclusivity. Use your creativity and imagination to share a **#commUNITY2ME** photograph.

Photographs can include people (or no people) from home settings to business partnerships, or special mementoes to items of local nostalgia. Anything that speaks to our theme and has meaning to you.

Entries Due By July 27

A panel of community members and leaders will judge all photo submissions and select photographs which will then be enlarged and displayed in public spaces throughout our Agency, as well as various locations across Lake County.

See Photo Contest Guidelines for all details.
