

Recite Me Assistive Toolbar

Recite Me website accessibility software provides every online user with the tools they need to create a unique experience.

Who needs support online?

Over 1 billion people worldwide encounter barriers when trying to read and understand content online. This can be due to disabilities, learning difficulties, visual impairments, or if people speak English as a second language.

Without additional accessibility and language options, people are unable to perform everyday tasks from paying bills and researching services and support, to applying for their next career move.

Toolbar Accessibility Features

Screen Reader

Providing our screen reader will help website visitors to perceive and understand your digital content by reading aloud website text, which can be customized to suit the viewer.

Reading Aids

To simplify use and support your website visitors, the Recite Me web accessibility toolbar provides five main tools; ruler, screen mask, magnifier, margins, and a dictionary.

Styling and Customization

Recite Me assistive technology allows people to change the way a website looks. Users are able to customize the website's color scheme as well as the text, font style, size, color, and spacing.

Translation

Recite Me web accessibility technology quickly and easily translates all your web content into over 100 languages, including 65 text-to-speech voices.
