include Individual Habilitation Plan, Individual Service Plan, Individual Education Plan and Individual Family Service Plan.

V. POLICY:

Each individual shall have one written master plan based on the interests and abilities, concerns, preferences, strengths and resources of that individual. The team shall provide all information that facilitates decision making to the individual and their supports in a timely manner. The team shall develop this plan in support of the individual's preferred lifestyle. The plan includes outcomes and action steps the individual chooses. The team will provide information to the individual served to make choices about their service plan with the assistance of the team. All training and supports identified in the plan shall be coordinated when multiple departments or agencies provide services. The team leader shall be identified on the plan. No individual may take it upon him/herself to provide treatment, services, or programs outside of the individual planning process. While plans developed through various departments may have differing names, content requirements or formats, all shall comply with applicable rules and regulations governing the service delivery in each program area.
